## CAREER OBJECTIVE

Entry-level software developer with hands-on experience in building full-stack web applications using JavaScript, React.js, Node.js, Express.js, and MongoDB. Skilled in developing RESTful APIs, creating responsive user interfaces, and managing application state. Seeking a junior developer role to apply technical skills in real-world projects and grow within a collaborative development environment.

## CERTIFICATE

MERN Stack Development

Pumo Technovation

## TECHNICAL SKILLS

Programming : JavaScript | MERN | Tailwind CSS | Bootstrap

Tools : REST APIs | Git | GitHub | JSON | Postman

## PROJECTS

### SUCCESS ACADEMY (MERN)

- Built a responsive educational web application using React.js and Bootstrap.
- Implemented dynamic course listing pages with images and details.
- Developed an enquiry form to collect student information and course interests.
- Improved user experience with mobile-first responsive design.

### Course Content Management (Node.js)

- Developed a web-based course management system using Node.js and MongoDB.
- Enabled administrators to create, manage, and organize courses and lessons.
- Implemented secure data handling and structured content delivery.
- Designed REST APIs for course and lesson management.

## INTERNSHIP

### MERN STACK development - Intern

#### PUMO Technovation

- Developed full-stack web application features using MongoDB, Express.js, React.js, and Node.js.
- Designed and integrated RESTful APIs for CRUD operations.
- Built responsive user interfaces using Bootstrap and Tailwind CSS.
- Managed application state using React Hooks and component-based architecture.
- Created MongoDB schemas and models using Mongoose.
- Worked on debugging, testing, and performance optimization.

## EDUCATION

Bachelor of Science in Computer Science

Government Arts College, Coimbatore

2021 – 2024
